General comments about golf and your golf:

I have been taking golf seriously now for 5 months and loving it, the Staff and Members at Moonah Links have been great. Their support and mentoring is something I can never thank them enough. My family has been a huge influence by maintaining me on the right track and they are a huge help. Nathon Brown my coach and he has been fantastic, helping me drops ten shots in five months, and hopefully we can keep it going. I will take the most out of the Scholarship I have left and try to make Golf a Career
