The Manager  
Green Acres Golf Club  
Via email.

Dear Ian,

re : 2008 Stuart Appleby Golf Development Camp.

Many thanks for organizing a financial contribution on the behalf of Green Acres Golf Club, enabling me to attend the 2008 Stuart Appleby Golf Development Camp.

The camp was one of the best golfing experiences I have ever had. We stayed at the Moonah Links Golf Academy in the private villas which slept up to 20 people. Up at the academy we got coaching from Steve Bann who is currently coach of Stuart Appleby, Nick Flanagan, K.J. Choi and many more touring Professionals.

Steve talked to us about the mental side of golf as well as giving us group coaching with lots of technical drills to practice. The Academy was fully equipped with a gym, a conference room with a projector for us to use to review on our days and it also was where Lachlan Cain spoke to us about his experiences and how he became a top junior. He is currently part of the VIS golf squad and is playing in this year's World Junior Championship at Torrey Pines.

Ten metres from the villas and academy was our own private driving range, putting green and chipping and pitching area. This was all to be used for our daily coaching with Steve and, during our breaks, many of the other juniors and I would go out and hit some balls and have short game comps.

This camp was a very important stepping stone on my way to my golfing aspirations, and I hope this letter can help any other juniors thinking of attending the camp in the future.

Cheers,  
Rodger Paul
